Gravity Sidings by Bridport &  
District Model Railway Club

Brookleigh N-scale/7mm gauge by David Harrington

### Pitman's Poser

Roy writes, "There were four winners to the Posers in *Pines* No. 275. They were:

Mr. M. Wood of Hoddesdon, Mr. J. Stevens of Wraxall,  
Mr. J. Bedwell of Widnes, Mr. S. Wand of Reigate.

The correct answers were:

No. 114: The site where the Bridgwater - Edington Jcn  
line crossed the A38 road in Bridgwater.

No. 115: Broadstone Station site."

Do you want to try your luck with the next competition?  
Can you identify the locations of **both** Posers Nos. 116  
& 117? Bear in mind that Roy's pictures have been taken  
over a wide time-span and may not be recent!

If you think you can, send your entry to Roy Pitman, 22  
Newlyn Crescent, Puriton, Bridgwater, Somerset. TA7 8BS  
to arrive by 30 April to claim your prize.
